## Hello

I have 15+ years of experience as a Software Engineer, and have vast experience in all aspects of a web applications, having worked in backend, frontend and full-stack roles. Nowadays I tend to focus more on the FE side with strong skills in Typescript, React (Redux and Sagas), Node (NestJS & Next.js) and GraphQL. I'm also a strong advocate for readable & maintainable code & tests, and I'm always happy to share knowledge, guide and mentor others to achieve their highest potential.
